

19inch fibre rack enclosures

Issue date May 2022

X3 series

Maser's range of multi-functional, highly flexible 1RU 19-inch rack mount sliding enclosures caters for a variety of applications including: Data Centre infrastructure, Telco & Enterprise Networks, Campus requirements and typical Data communication fit-outs.

Our enclosure supports: Splicing, Pre-term, Direct termination and MPO/MTP-LC cassettes all within a single chassis, depending on the accessories/configuration ordered.

Features:

- 1RU multi-function 4 panel sliding Enclosure
- Supports 96c LC Patching Only
- Supports 48 x LCD patching Only
- Supports 72 x LC pigtail splicing
- Supports 48 x SC pigtail splicing
- Includes splice tray, chassis mount glands, splice protectors and spools.
- Linear Rails - Ball Bearing Type
- MPO/MTP Cassettes 100% Factory Tested and Terminated
- Also available in modular configuration e.g. accepts MPO/MTP cassettes
- Pre Assembled
- Supports Riser, Loose Tube and Breakout cable.
- Supports Pre-terms and MTP/MPO trunks.

Technical Specification:

Supports up to	96 LC / 48 SC / 48 MTP Patching
Supports up to	72 LC / 48 SC Splicing
Supports up to	8 x MTP/MPO - 12LC conversion
Supports up to	4 x MTP/MPO – 24LC conversion

Chassis dimensions:

Height	44mm (1RU)
Width	483mm
Depth	260mm
